

## Project Status Report (PSR)

The **Project Status Report (PSR)** is a simple, one-page document used by Building Officials to verify Title 24 Compliance. The **PSR** is a CEC-approved document that lists the required HERS Measures and the completion status of those measures. **PSR** forms are available for any project that requires a CF1R, including Residential, Non-Residential, Alterations, and New Construction projects.

Project Status Report		CalCERTS, Inc.	
		1 of 2

← QR Code to Scan on Mobile Device

← Status Summary

← Red Dot = Incomplete

← Green Dot = Complete

**ENFORCEMENT AGENCIES** can easily access the **PSR** through the CalCERTS Registry or by scanning the QR code on any compliance forms associated with the project. Once the **PSR** is accessed, Building Officials can review the CF1R, CF2R, and CF3R forms through the links in the **PSR**. Any existing Signature Agreements may also be reviewed.

When a project is ready for final inspection, both the **"HERS VERIFIABLE MEASURES"** and the **"OVERALL STATUS"** will be marked **"Complete."** Using the convenience of the red and green dots, Building Officials can quickly determine whether all required forms have been registered and completed before scheduling a final inspection.

The **PSR** can be easily downloaded or printed by Building Officials, Builders, Contractors, and HERS Raters. The 2016 Building Standards require all HERS Providers to have a **PSR** available to Enforcement Agencies.

# Accessing the PSR

To Access the PSR, Building Departments must be registered with CalCERTS. To register go to [www.calcerts.com](http://www.calcerts.com) and select **REGISTER** at the top of the page. Next, select "I am a BUILDING DEPARTMENT/ ENFORCEMENT AGENCY for a City or County."

★ Welcome to CalCERTS

In order to get you to the correct Registration Process, please identify your business:

I want to sign up for a certification class and I need a Training Account	<input type="radio"/>
I am a BUILDER/ARCHITECT of New Construction Homes needing to register and/or approve CF1Rs	<input type="radio"/>
I am an ENERGY CONSULTANT or a DESIGNER needing to Register CF1Rs for New Construction	<input type="radio"/>
I am a CONTRACTING INSTALLER with a valid CSLB License needing to Register CF1R-ALT-HVAC AND/OR process Installation Certificate CF-6R or CF-2R forms.	<input type="radio"/>
I am a HOME OWNER	<input type="radio"/>
I am a BUILDING DEPARTMENT/ENFORCEMENT AGENCY for a City or County	<input type="radio"/>

If none of these apply to you please contact our office directly.

Building Official Selection →

Once registered, Building Officials can log in to the CalCERTS Registry and the Project Lookup Page will automatically load.

Welcome to the CalCERTS Compliance Lookup Registry.

You can use this tool to search our registry for CEC Registered Compliance Status.

Please select a Building Department from the list below and a Search Type.

**Building Department:** Suisun City (City)

**Search Type:**

- CEC Registration Number
- CalCERTS Certificate #
- Street Address
- HERS Rater (Name)
- HERS Rater (CalCERTS, ID #)
- Building Department Permit #

Building Officials may search for projects in their jurisdiction using any of the following criteria:

The Permit Number

- The CEC Registration Number
- The CalCERTS Certificate Number
- Street Address
- The Name of the HERS Rater for the Project
- The ID # of the HERS Rater for the Project

Once a project is selected, the **PSR** page will load. Simply select the pdf icon  to download.
